

# XXVI Symposium on Lightweight Structures in Civil Engineering

Wrocław University of Science and Technology  
Wrocław, December 4, 2020

## ▷ Basic information:

The seminars Lightweight Structures in Civil Engineering are annual meetings organized by the Permanent Organizing Committee of Polish Chapters of the International Association of Shell and Spatial Structures (IASS). Since the first conference organized by prof. Jan B. Obrębski in 1995, the meetings have been giving the opportunity to exchange knowledge and to integrate researchers from different scientific fields, research centres and countries. Today the organizing committee is proud to cordially invite you all to participate in this event.

## ▷ Topics:

The seminar topics include but are not limited to: engineering objects erected with a relatively small amount of build-in-material and assuring simultaneously extremely high-performance parameters eg. spatial lattice structures, plate and shell structures, domes and membranes, high-rise buildings, towers, chimneys, reservoirs, bridges, thin-walled, tension, cable and pneumatic structures. All types of analysis methods are accepted: analytical, numerical and experimental. Invited are researchers from all related fields: architects, civil engineers and others.

## ▷ Important dates:

- October 30, 2020 – submission of abstract
- November 07, 2020 – approval of abstracts
- December 01, 2020 – full paper submission

## ▷ Fees\*:

- Participation – 250 PLN (includes 1 paper)
- Every additional paper – 200 PLN

\*the fee covers participation, book of abstracts, monograph

## ▷ Organizers:

Wrocław University of Science and Technology  
Faculty of Architecture

## ▷ Publication form:

The book of abstracts and the peer-reviewed scientific monograph in English language in the series: *LSCE – Theory and applications. Vol.2*

## ▷ Language:

- abstracts and monograph – English
- presentations – Polish or English

## ▷ Conference place:

Due to restrictions related to COVID 19, the Seminar will be held in virtual form, via Zoom.
